

Report Description:

TITLE : Global Adjustment Class B Rates

CONFIDENTIALITY : Public

PURPOSE : This report provides 1st estimated, 2nd estimated and actual Global Adjustment (GA) rates for Class B consumers in Ontario for a given month. The report will be named as GlobalAdjustmentReport_YYYYMM_vX.xml. There will be a minimum of 3 versions published for each calendar month. The first version will include the 1st GA rate estimate for the month; the next version will include the 2nd GA dollars and rate for the month; followed by the last version adding the Actual GA dollars and rate for the month. If there is a reporting error the correct values will be republished in a new file with incremented version number.

The following information is included in this report:

1. 1st Estimate (\$/MWh)
2. 2nd Estimate (\$)
3. 2nd Estimate (\$/MWh)
4. Actual (\$)
5. Actual Rate (\$/MWh)

FREQUENCY : 10th and last business days of the month.

GRANULARITY : Monthly

DEFINITIONS:

1st Estimate (\$/MWh) : First estimate of GA rate for the month
2nd Estimate (\$) : Second estimate of total GA dollars to be collected from both Class A and Class B consumers for the month
2nd Estimate (\$/MWh) : Second estimate of GA rate for the month
Actual (\$) : Actual total GA dollars to be collected from both Class A and Class B consumers for the month
Actual Rate (\$/MWh) : Actual GA rate for the month
