

## **Report Description**

TITLE:	Realtime Area Reserve Constraints
CONFIDENTIALITY:	Public
PURPOSE:	<p>This report contains the internal Operating Reserve Constraints produced by the real time constrained run of the algorithm, for each 5 minute interval of the hour.</p> <ul style="list-style-type: none"><li>• Region</li><li>• Operating Reserve Type 10S, 10N or 30R</li><li>• Constrained MW</li></ul>
FREQUENCY:	Published Hourly about 5 to 10 minutes after each hour.
GRANULARITY:	5 minute intervals
NOTES:	A value shown in <b>red</b> indicates the value is administered due to a tools problem in real-time.
